FROM OUR PASTOR, FATHER AMATO

It is hard to believe that it is already July. As we celebrate our country's Independence Day this weekend, take the time to be truly thankful that we live in this country with all the blessings we have received. We must continue to pray that we remain free and that the freedoms that we enjoy can be cherished by everyone throughout the world who may not currently have such freedom.

This past week, on June 29, the Solemnity of Sts. Peter and Paul, I celebrated the first anniversary of my assignment here at St. Peter's Parish. That was an incredibly fast year, and I am grateful for every moment of being here at this parish with you all. Thank you for your goodness to me, and I hope for many more years here yet to come.

As the bishops of our country began a three-year "Eucharistic Revival" throughout the country, on *Corpus Christi* Sunday, we are meant to always keep before our eyes the reality of Christ's Real Presence in the Eucharist. From the way we speak and dress in church, to our prayers and genuflections before the Blessed Sacrament, everything we do must help us reinforce the profound truth of our Faith, that God desires to live with us.

Even in the seemingly small details we express our faith in the Real Presence. Just last weekend, when it was very hot in a couple of our churches and there was a bit of perspiration on my hands and fingers, I was reminded again of how important it is that I keep my thumb and forefinger together after the Consecration of the bread into the Body of Christ. Maybe some have not noticed, but after the Consecration, my thumb and forefinger remain together until my fingers can be purified after the distribution of Holy Communion (when the altar server pours wine and water over my fingers). The only time my fingers come apart prior to purifying my fingers is during Communion when I take another Host to give to the next communicant.

I do this, and I take such great care, because *every single particle is the whole Christ, Body, Blood, Soul, and Divinity*. I especially noted last weekend just how many particles were sticking to my fingers, and how many particles were left on the paten (both the one I use on the altar and the one the altar server places under the mouth or hands of the Communicant). It was a good reminder for me of how careful I have to be while purifying the vessels.

It is important to take the time we need when it comes to important things. There is not much in our world or culture that is going to help us reinforce our faith. It is a difficult situation to be in. This is why it is so important to be with people who believe as we do, to surround ourselves with truly good and holy things, so that we know we are not alone and that we have to count on each other to strengthen one another when we are weak. Also, everything at the Mass should then strengthen our belief and understanding of the reality we celebrate; a reality revealed to us under sacramental signs but known to us by the light of Faith that our God has so graciously given us.

In Christ,  
Father Amato
